

The DNF Committee represents your interests:

The DNF's vision is to actively improve Deepcut while still retaining our rural village feel and its heath land, woodland and open spaces. We want to build a vibrant and exciting community spirit with all of us playing an active part in protecting and enjoying, the village's bio-diversity, wildlife, trees, flora and fauna. Do you support this Vision?

We believe that you want to keep Deepcut separate from the surrounding urban areas. That you do NOT want to become part of the urban expansion of Camberley – which means protecting and safe-guarding our countryside. But we believe that you DO want to establish closer links with the major towns through the development of sustainable, environmentally friendly, walking and cycling networks and the provision of greater Public Transport.

We want Deepcut to be a great place to live and work – which means our Plan will look at ways to increase business opportunities within our community - including improved home working capabilities.

We want more local essential services including Medical, Educational, and Financial along with the provision of improved recreational and community facilities. In many of these cases this will involve close co-operation with those responsible for the redevelopment of the PRB site.

Deepcut Village needs YOU!

Saturday 12th September

at 3.00pm

at the Deepcut Village Community Centre

- **Hear how the Deepcut Neighbourhood Forum (DNF) is working to protect Deepcut village**
- **Get involved in protecting the future of Deepcut**
- **Help us identify key issues that the Plan should address**

Without a Neighbourhood Plan we risk being unable to protect our village The DNF Committee need you to help identify key aims/issues and in completing the Neighbourhood Plan. This meeting on the 12th September will be your last chance to make a real and positive difference to Deepcut Village.

www.deepcutforum.org.uk

Why is a Neighbourhood Plan important?

- A Neighbourhood plan would mean that we would have important influence over future development in Deepcut.
- It would help protect our green spaces, playing fields, allotments, woodland and recreational facilities.
- It would allow us all to have a say on future plans to build further housing on green field sites; the allocation of traveller sites and any other plans that could impact on all our lives.

On the 12th September the Deepcut Neighbourhood Forum (DNF), local councillors and Studio Hive, will update you on the latest developments.

- The DNF Committee will update everyone on progress to date and what still needs to be done.
- Local Councillors will reinforce the need for increased local community engagement.
- Studio Hive, which is managing the redevelopment of Princess Royal Barracks (PRB) for Skanska and will explain the impact this will have on the rest of the Deepcut Village.

Since the DNF was officially recognised by the Surrey Heath Borough Council and government bodies, the DNF Committee has been working tirelessly on your behalf.

Now the years of DNF Committee work needs to change to become a "Community Initiative".

The Deepcut Neighbourhood Plan cannot continue without significant community involvement.

Do you agree with the DNF Committee that the mission is to secure approval for, and implementation of, a Neighbourhood Plan that protects and enhances Deepcut's landscape, its village character, and the residents' quality of life?

We need your help. A Neighbourhood Plan MUST reflect everyone's view point. Without your input, and help, we won't be able to complete the Plan.
